HUNGARIAN VIZSLA

America's new golden gun-dog. Ancient "Gift of Kings" with 1000 years recorded history. Dogdom's most rare and exclusive aristocratic all-purpose hunter, devoted companion & protector.

Choke-bore nosed shorthaired natural pointer & retriever. Striking dark-gold, stylish, apartment-sized, dignified bearing, bold but affectionate & gentle.

Country bred puppies now available of import certified motherland championship bloodlines. Complete six-gen. pedigree FDSB reg. Write for illustrated folder.

The above ad was purchased by me on E-bay a few years ago. There was no date or publication, and I only got the ad itself. From the ad on the reverse side, I believe this was published in a late 1950's gun dog magazine. It is printed on slick paper. The glare you see on the photo above is the protector sheet
